Dual-degree candidate in Computer Science and Business Administration with hands-on experience in ML-driven network optimization and technology consulting. Seeking roles at the intersection of data engineering and business strategy.

EDUCATION

Universidad Carlos III de Madrid — **Madrid, Spain**
B.Sc. in Computer Science and Engineering, 8.23/10 — *Sept 2022 – May 2026*
B.A. in Business Administration, 8.18/10
- Honors: Banco Santander Non-European Mobility Scholarship, Winners of RETO C4DX 2025 – Creativity for Digital Transformation in OHS, JetBrains Hackathon Winners

Copenhagen Business School — **Copenhagen, DK**
Bachelor's Degree of Business Administration (BBA) | Exchange Program — *Jan 2025 – June 2025*

Northeastern University — **Boston, MA**
Dual bachelor's in computer science and BBA, 3.75 GPA | Exchange program — *Sept 2023 – May 2024*
- Activities and Honors: NU Choral Society and Dean's List at Khoury College of Computer Science

Universidad Politécnica de Madrid — **Madrid, Spain**
Dual Degree in Computer Engineering and Business Administration and Management, 8.13/10 — *Sept 2020 – May 2022*

WORK EXPERIENCE

Bid Manager — **Madrid, Spain**
Telefónica Tech | Internship — *Feb 2026 – Aug 2026*
- Leading technical and commercial inputs on active bids including a €200M+ cybersecurity and cloud engagement.
- Built an AI-powered tender analysis platform, cutting initial RFP triage from ~3 hours to 5 minutes.
- Evolved it into a multi-tenant SaaS platform with three-layer data isolation and 400+ automated tests (>95% coverage).

Network Automation Engineer — **Madrid, Spain**
Telefónica | Internship — *June 2025 – Feb 2026*
- Built ML-driven optimization systems across 52,000+ LTE and NR cells, integrating time-series KPI prediction into production telecom management platforms.
- Automated network processes saving ~160 hours/month across a 20-person team, equivalent to a full headcount, now operating at national scale across Spain.
- Trained and deployed 13 ML models for KPI forecasting and automated parameter tuning.

LEADERSHIP AND VOLUNTEERING

ESN UC3M — **Madrid, Spain**
Treasurer and Activity Coordinator — *Aug 2024 - Present*
- Managed €5k+ annual budget and coordinated 10+ events for a community of 150+ international students.

First Lego League Competition — **Madrid, Spain**
Participant, Coach, Judge, and Companion — *Sept 2017 - May 2023*
- National finalists as a competitor; returned for 5+ years as coach and judge, developing technical and leadership skills in young students.

ACTIVITIES, SKILLS, AND INTEREST

- Technical Skills: Python · Pandas · Scikit-learn · PySpark · SQL · MATLAB · Java · C · Machine Learning · Artificial Intelligence · Time Series Forecasting · Data-driven Optimization · Mobile Access Networks (RAN) · SON (Self-Organizing Networks) · Power BI · Excel · Cloud Computing · Data Pipelines
- Professional Skills: Problem Solving · Analytical Thinking · Cross-functional Collaboration · Clear Communication · Adaptability · Fast Learning
- Languages: Spanish (Native) · English (TOEFL iBT · Certificate in Advanced English)
- Interests: Finance · Investment Banking · Aerial Vehicles · Software Development · Artificial Intelligence · Acting · Public Speaking · Automation

OTHER WORK EXPERIENCE

Shop Assistant — **Madrid, Spain**
Zara Home | Inditex — *May 2024 – Nov 2024*

Barista — **Madrid, Spain**

Starbucks Coffee | Alsea *Oct 2021 - Feb 2022*
Private Tutor **Madrid, Spain**
Freelance *Sept 2020 - Present*
